“ I only met Ada a few times in person. They came to town and stayed with my mom and Teddy before. Her and her husband were the sweetest to my kids. Another time they stayed here at a hotel and we all swam in the pool. I was worried my kids would be too hyper and they never once complained. Just accepted them as they'd always been around them. I appreciated that so much. I hate to see that Ada had to leave this earth sooner than later. But I know she is at peace and her family can rest knowing she's home safely.
